DOUBLE TAKE: CONTEMPORARY REDEFINED

December 1, 2023 – January 6, 2024

We are thrilled to announce the grand re-opening of our Palm Beach gallery with the exhibition ***Double Take: Contemporary Redefined*** on **Friday, December 1st**. Join us for an exclusive presentation featuring new works by gallery artists, alongside a curated selection highlighting influential post-war masters. *Double Take* invites us to reconsider representation through a fresh lens, sparking a new dialogue between tradition and innovation.

Highlights from the exhibition include **Yoan Capote's** luminous and spiritual seascapes, **Awol Erizku's** *Nefertiti - Miles Davis (Black)* sculpture (a variation of the work currently hanging at the Norton Museum of Art in Palm Beach), the debut of **Vik Muniz's** latest series, *Newsprints*, intricate creations of **Nabil Nahas** and **Enoc Perez's** painterly embodiment of vintage advertisements circa 1970 in Puerto Rico. **Ena Swansea's** emotive canvases contrast beautifully with **Gavin Turk's** candle paintings, which, inspired by Gerhard Richter, illuminate the space with a meditative reflection on the interplay of light and art history. This curated exhibition encapsulates the diversity and innovation of our contemporary artists, and invites us to explore their unique visions and techniques, and how they have evolved out of past art historical tropes.

We will also proudly present a vibrant ensemble of post-war artists, featuring important works by **Alighiero Boetti**, **Les Lalanne**, **Fernand Léger**, and **Gerhard Richter**, to name a few. Together, these diverse and influential artists offer a multifaceted journey through the post-war artistic landscape, offering significant contributions to the evolution and innovation of contemporary art.
