Visit Frieze Masters this October to see historical art in a unique contemporary context.

The fair features over 120 leading galleries from around the world, showcasing art from the ancient era and old masters to the late 20th century. Past highlights include solo presentations of work by Calder, Giacometti, de Kooning, Pollock and Matisse, alongside significant paintings by Picasso, Brueghel and Velázquez.

In addition, explore Spotlight, a section dedicated to 20th century art made all over the world, from Latin America to the Middle East.

Our critically-acclaimed programme of talks features contemporary artists discussing the historical works that inspire them.

The fair’s book shop is presented by Walther König and restaurants include Locanda Locatelli and Umu.

Frieze Masters is designed by Selldorf Architects and is housed in a bespoke structure on Gloucester Green, The Regent’s Park, within walking distance of Frieze London.
